

Dallas Texans Florida SuperLiga

For U10 Players

- All practices are conducted by Professional Dallas Texans Florida Coaches
- Sessions focus on player's *skills, fundamentals, & foundational decision making*
- Offers players a variety of game playing formats each Saturday
- Fun learning environment
- Elite Technical Training
- No Travel Involved
- Available at Ashton Brosnaham & Roger Scott Parks

Dallas Texans Florida is very pleased to announce our U10 SuperLiga Program, beginning January 9th. Open to boys and girls, the SuperLiga will serve as a preparatory program for the Dallas Texans Florida Select Division. The focus will be on establishing the correct foundation of skills and decision making needed to make the transition to Select Level play at U11. Players will receive professional coaching twice a week and experience a number of different game play formats on Saturday mornings, designed to facilitate and encourage player development.

The SuperLiga hopes to attract the best young players in the area and provide the elite development program that they need to develop their game. It will also be a great option for the accomplished recreational player who now needs more than a traditional recreational program can offer, but doesn't carry the commitment of travel soccer.
